

Position Sheet - Academic Researcher for the United World Communities (1 per Community)

Context

The United World Communities are eight thematic networks within the [United World Project](#) (UWP), each focusing on a specific area of social impact:

1. Economy & Work
2. Interculture & Dialogue
3. Peace & Human Rights
4. Health, Sport & Ecology
5. Media & Communication
6. Art & Social Commitment
7. Education & Research
8. Active Citizenship & Politics

Each community gathers people, organizations, and initiatives working in its area, fostering exchange, collaboration, and impact-driven projects.

Duration & Commitment

- October 2025 – August 2026
- ~3 hours of work per month + 1-hour online meeting

Main Tasks

- Conduct research on specific thematic topics, tailored to your expertise.
- Produce educational or outreach materials for the Community.
- Support the Community with knowledge-based input and facilitate exchanges with academia.

Requirements

- Solid theoretical knowledge in the thematic area of your preference.
- Ability to carry out and communicate research effectively.
- Appreciation for teamwork, reliability, and flexibility.

What We Offer

- Chance to apply your academic knowledge in a international, impact-driven context.
- Opportunities to co-create educational resources with global relevance.
- Experience in an international network of research and practice.
